

# REGAL EAGLE REVIEW

Volume 68

March 2022

## Do you like spending money?

Then you will like saving it even more. That's because the best way to buy things

you want in the future is to start saving for them today. The more you save, the more you have to spend. Just saving a quarter a day, you will have \$91 after a year. When you get money as a gift or as an allowance, divide it into three parts: one for spending, another for sharing with those in need, and the last part for saving. Save it in a special box or jar. Once in a while, take the money to the credit union to keep it safe in your savings account.
