Saving Money is Fun!

It's fun to tuck away treasures in special places. You know that they are safe there. That's why it's fun to bring your money to the credit union. We put the money in your savings account. It's safe there, and there is a bonus! Your money earns money, called dividends. When you save even a little money every month, it grows and grows. It's so much fun to see it grow, you will want to do it your whole life. Saving is a great habit to get into. That's because when you want to buy something, you may not have enough money in your pocket. But if you have been saving, you will be able to buy it. But remember, the longer you leave the money in your savings account at Angelina Federal, the more it will grow.
